In an emergency, family and friends can contact the Aggressor Reservations Office. After hours, they may call the Aggressor emergency cell number.

Galapagos Aggressor III

Quick Reference Summary

Charter Schedule: Thursday to
Thursday (7 nights)

Home Port: Itabaca Channel, Baltra
Island, Galapagos, Ecuador

Arrival & Transfers

Item	Details
Embark/disembark — direct morning flights from Guayaquil (GYE) or Quito (UIO) Airport	Seymour/Baltra Airport, Baltra Island (GPS)
International gateway; overnight before Baltra flight Airport	Guayaquil José Joaquín de Olmedo International Airport (GYE)
International gateway; overnight before Baltra flight Airport	Quito Mariscal Sucre International Airport (UIO)
Arrive By	Arrive in Guayaquil or Quito the night before your departure to Galapagos; fly to Baltra (GPS) on Thursday morning. An Aggressor representative meets guests at Baltra Airport between 12:00 and 1:00 pm and for later inbound flights — plan arrival within that window. There are no hotels near Baltra Airport (early arrivals must travel ~1.5 hours to Puerto Ayora and back), so arriving on departure day is recommended. Be at the Guayaquil/Quito airport at least 2 hours before your domestic flight.
Check-In / Out Window (from the yacht)	Check-In: Thursday 12 pm (guided transfer from Baltra Airport or Itabaca Channel dock, Baltra Island side) Check-Out: Thursday by 8 am
Transfers:	Included — An Aggressor guide meets guests at Baltra Airport, assists with luggage, and coordinates the transfer to the Itabaca Channel to board the yacht. Aggressor DeTours can assist with domestic airline ticketing: travel@aggressor.com / +1-706-434-8158.

Deadlines & Documents

60 Days Before Departure	Review Diving Medical Form (if doing scuba training). Make a doctor's appointment if needed.
14 Days Before Departure	Aggressor's Guest Information System registration due. Confirm any special requests.
Item	Details
Passport	Valid $\geq$ 6 months beyond trip.
Guest Info System (GIS)	Complete all sections $\geq$ 14 days before departure.
Galapagos Declaration Form — digital "Sworn Declaration of Goods" (plus Ecuador Travel Health Form, completed on the plane)	declaracion.abgalapagos.gob.ec/declaracion — Complete BEFORE your flight to Baltra / before entering the Galapagos National Park — do not wait until you arrive
Diving Medical Form	Required if doing any SCUBA training courses.
Dive Certification Card	Required for all divers (+ Nitrox if applicable).

Fees & Payments

Item	Details
Galapagos National Park Fee	\$200 USD per person — paid at Baltra Airport on arrival (CASH ONLY)
Galapagos Visitors Card	\$20 USD per person — paid at Quito or Guayaquil airport before check-in (CASH ONLY)
Fuel Surcharge	\$300 USD per person — cash or credit card accepted, paid onboard
Nitrox	Additional fee — see aggressor.com (Rental Equipment) for current pricing
VAT / Tax	15%
Payment Methods	USD cash, Visa, MasterCard

On Board Highlights

- All rooms A/C with private bath
- Power: 110V (Type A/B plugs) — same as USA/Canada
- Internet: OnAdventure LAN + SeaFi internet (purchase codes on board)
- Meals: full breakfast, lunch buffet, dinner served; snacks between dives
- Beer & wine included — bring preferred spirits from duty-free
- Hot tub on sun deck
- Smoking on rear sun deck only

Diving Essentials

- 21–24 dives per 7-night adventure
- Up to 4 dives per day; recreational diving only
- No night diving
- Recommended: mask, fins, BCD, regulator, dive computer & wetsuit
- Tanks (12L / 80 cf) provided; 15L available for rent
- Nitrox available (extra fee)
- Nearest hyperbaric chamber: Protesub Chamber, Puerto Ayora, Santa Cruz Island (24 hours)

1. BEFORE YOU GO

Passports

Your passport must be valid for at least 6 months after your trip ends.

Children traveling: Some countries have special rules for children leaving the country. Check your government's travel website for requirements.

Two Ecuador government forms are required: (1) the digital Galapagos "Sworn Declaration of Goods" — complete BEFORE your flight to Baltra at declaracion.abgalapagos.gob.ec/declaracion; and (2) Ecuador's Travel Health Form, completed on the plane before arriving in the country (separate from the Galapagos declaration).

The Galapagos staff requires your Baltra (GPS) arrival and departure flight information, plus your hotel name and location in Ecuador (Quito or Guayaquil), in the GIS prior to arriving at the airport. Failure to provide this information may prevent boarding.

Visa

Most visitors do not need a visa to enter Ecuador for tourism stays of up to 90 days. This includes citizens of the USA, Canada, the European Union, Australia, and many other countries.

You are responsible for:

- Obtaining the correct visa for Ecuador, if required for your nationality
- Having documents to re-enter your home country
- Checking visa requirements for any connecting flights or stopovers

Where To Check:

- USA citizens: www.travel.state.gov
- Other countries: Contact your foreign affairs office or embassy

Galapagos Declaration Form — digital "Sworn Declaration of Goods" (plus Ecuador Travel Health Form, completed on the plane) (Required)

Complete the Galapagos Declaration Form — digital "Sworn Declaration of Goods" (plus Ecuador Travel Health Form, completed on the plane) at declaracion.abgalapagos.gob.ec/declaracion Complete BEFORE your flight to Baltra / before entering the Galapagos National Park — do not wait until you arrive.

Required Forms

You need two things before you can dive and a third if you plan to do scuba training:

1. GUEST INFORMATION SYSTEM (GIS)

What: Aggressor's online cruise application forms, including waiver and travel details

When: Complete 14 days before departure

How: You'll receive a link by email. If you didn't get it, contact reservations.

Include your flight arrival time or hotel name in the GIS.

2. DIVE CERTIFICATION CARD (C-CARD)

What: Your diving certification card

Bring: The physical card or digital proof

Note: If diving with Nitrox, bring your Nitrox certification card as well.

3. MEDICAL FORM (RSTC) (Only if doing scuba training)

What: Diving Medical History Form

When: Required only if you plan to take a scuba training or certification course during your trip.

How:

- Download the form now at <http://www.aggressor.com/RSTCMedical.pdf>
- Answer all questions honestly
- The form will tell you if your answers require a doctor's approval.
- If no doctor approval is needed, you can sign it yourself

- Print it and bring it to the yacht

ALREADY HAVE ONE? If you have a medical form signed by a doctor in the last 12 months, you can use that instead.

There are no doctors once the yacht leaves the dock. If you need a doctor's signature and don't have it, you cannot participate in any SCUBA training classes.

There are no doctors once the yacht leaves the dock. If you need a doctor's signature and don't have it, you cannot participate in any SCUBA training classes.

- An incomplete or Missing GIS will result in denied boarding and possible trip cancellation without refund.
- You cannot dive without a certification card.
- You cannot participate in SCUBA training courses without a medical form.

Travel & Health Insurance

Aggressor Adventures strongly recommends all guests purchase insurance to protect your investment and health.

SUGGESTED COVERAGE:

- Travel Insurance (Trip Cancellation and Interruption)
- Dive Insurance (Dive Accident and Medical)
- Equipment Insurance

CONSIDER ADDING:

- "Cancel For Any Reason" (CFAR) upgrade – extends coverage beyond traditional policies without the constraints of "covered situations".
- "Liveaboard Rider" upgrade - addresses liveaboard-specific issues such as missed dives due to illness, weather, or accidents to others, which impact your experience and more.

These policies provide financial security if unexpected events occur.

Get quotes: www.aggressor.com → Insurance for options.

Altitude: Quito sits at 7,500 feet (2,286 m) above sea level — altitude can affect your health and energy levels; avoid overexerting yourself until acclimatized. The international airport is also more than one hour from downtown Quito. Guayaquil and the Galapagos are at sea level.

Remember the recommended 24-hour no-fly rule after your final dive — plan your departure flight accordingly.

The yacht carries a first aid kit including oxygen and an AED. Motion sickness medication is recommended if you are prone to seasickness.

2. PREPARING FOR YOUR ADVENTURE (2-4 WEEKS BEFORE)

Recommended Packing

Travel light. Space on the liveaboard yacht is limited.

LUGGAGE: Use soft luggage, such as duffel bags (not hard suitcases), for easy storage in your room.

CLOTHING TO BRING:

- Lightweight, comfortable sportswear
- Swimsuits
- Light sweater or jacket for evenings
- Walking shoes for time ashore
- Sunglasses and hat

Dress code: Always casual and informal

ESSENTIALS:

- Sunscreen (reef-safe recommended)
- Sunglasses
- Hat
- Walking shoes

PACKING CHECKLIST: Use this QR code to grab a free Packing Guide. It's a simple checklist that makes sure you bring everything you need for your adventure. No more forgotten essentials!

Electronic Devices

Personal Electronics are welcome:

Cameras, phones, satellite phones, computers, tablets, and e-readers

The following devices are prohibited:

Underwater Scooters | Prohibited.

Electric Surfboards | Includes e-foils, jetboards, powered surfboards, and similar devices.

CHECK WITH AIRLINE: Some airlines have restrictions on lithium batteries in checked bags. Check your airline's rules before packing.

Required Dive Equipment

All divers are required to have the following equipment. You may either bring your own or rent on board.

- Mask
- Fins
- Snorkel
- Buoyancy Compensator (BCD)
- Regulator with an Alternate Air source and a visible pressure gauge
- Dive Computer
- Tank (provided)
- Weights (provided)
- Weight belt (provided)
- Wetsuit

Personal Equipment

Mark each piece of your personal gear with waterproof paint or tape. Equipment can look similar — make sure yours is clearly labeled.

Guests should also consider additional personal safety equipment such as:

- Dive Alert
- Nautilus Rescue Radio
- Whistle
- Mirror
- Surface Marker Buoy (SMB) with reel

WHY SMB & REEL ARE RECOMMENDED:

If you surface away from the main yacht, your surface marker helps the yacht staff to track your location for pickup. You are encouraged to practice deploying yours before the trip or on the initial check-out date.

Airline Travel & Checked Bags

WHAT TO CARRY ON THE PLANE: Pack these in your carry-on bag (NOT checked luggage):

- Passport and travel documents
- Dive certification card
- Medical form
- Money and credit cards
- Prescription medications
- One change of clothes (including swimsuit)
- Basic toiletries

Why? If your checked bag is delayed, having essentials in your carry-on means you can still dive on Day 1. Once the yacht leaves port, it cannot receive deliveries until it returns.

CHECK YOUR AIRLINE'S RULES: Different airlines have different limits for:

- Number of bags
- Weight limits
- Size restrictions
- Extra fees

BUSY SEASON RESTRICTIONS:

- Some airlines reduce luggage allowance during high season (December - April).
- You might only get one checked bag instead of two.

DIVE GEAR FEES:

- Many airlines charge extra fees for dive equipment.
- Check if your airline offers a "sports equipment" allowance.

Communication with Home

Before departure: Share your itinerary with family

Emergency contact: +1-706-664-0111 available 24/7

In port (embarkation day/departure day): Most cell phones will work if they have international roaming or data.

At sea: SeaFi Internet is available for purchase

Cell phones will work sporadically based on distance from towers.

Return day: Most cell phones will work if they have international roaming or data.

Tip: Send a "heading out for 6 days" message embarkation day evening so family knows you may be offline by choice.

Green the Fleet

Contribute to the Green the Fleet sustainability initiatives. Here are a few reminders to keep in mind as you get ready for your adventure:

- Avoid traveling with single-use plastics.
- Remove packaging from any new purchases before traveling.
- Travel with a refillable water bottle for hydration.
- Use rechargeable batteries whenever possible. Plan to bring home used batteries so they can be properly disposed of.
- Use an environmentally friendly or ocean-safe sunscreen.
- Be environmentally conscious in everything you do.

3. GETTING THERE

Arrival Airports

Airport	Code	Distance / Time	Notes
Seymour/Baltra Airport, Baltra Island	GPS		Embark/disembark — direct morning flights from Guayaquil (GYE) or Quito (UIO)
Guayaquil José Joaquín de Olmedo International Airport	GYE		International gateway; overnight before Baltra flight
Quito Mariscal Sucre International Airport	UIO		International gateway; overnight before Baltra flight

Recommended Arrival Times

Arrive in Guayaquil or Quito the night before your departure to Galapagos; fly to Baltra (GPS) on Thursday morning. An Aggressor representative meets guests at Baltra Airport between 12:00 and 1:00 pm and for later inbound flights — plan arrival within that window. There are no hotels near Baltra Airport (early arrivals must travel ~1.5 hours to Puerto Ayora and back), so arriving on departure day is recommended. Be at the Guayaquil/Quito airport at least 2 hours before your domestic flight.

Transfer Options

Included — An Aggressor guide meets guests at Baltra Airport, assists with luggage, and coordinates the transfer to the Itabaca Channel to board the yacht. Aggressor DeTours can assist with domestic airline ticketing: travel@aggressor.com / +1-706-434-8158.

Port and Dockage Details

The Galapagos Aggressor III boards and departs from the Itabaca Channel (Canal de Itabaca), on the Baltra Island side — the narrow channel separating Baltra Island from Santa Cruz Island.

If making your own way to the yacht, contact the Guayaquil office in advance; the designated meeting point is the dock at the Itabaca Channel on the Baltra Island side at 12:00 pm, where the tender will be waiting. If already on the island, go directly to the dock — do not proceed to the airport.

Contact the Guayaquil office for flight delays or problems: Office 011-593-4371-1680 ext. 532; Cell 011-593-99841-8853.

4. ON BOARD LIFE

Electricity

110-120V 60Hz, plug types A and B — same as the USA and Canada; USB charging ports in common areas

Meals

Varied menu of local Ecuadorian and international cuisine, with fresh ingredients sourced before each charter. Breakfast: cooked-to-order hot entrees, fresh fruit, cereals, juices. Lunch: buffet-style with homemade soups, breads, salads, and sandwiches. Dinner: elegant plated service featuring seafood, beef, or chicken. Snacks mid-morning and mid-afternoon. Complimentary juices, soft drinks, iced water/tea, coffee, and a limited selection of local beer and wine — bring preferred spirits or purchase locally before boarding. Diet Coke is not available in Galapagos due to the elimination of single-use plastic.

Wednesday evening free time in Puerto Ayora for shopping and dining — the only meal not included.

If you have special medical dietary restrictions, please note them in your GIS reservation and discuss them with the yacht chef upon boarding so they can properly prepare to meet your needs.

Specialty dietary items may have limited availability on board. For strict dietary needs:

- Bring critical items with you (gluten-free pasta, specific protein powders, etc.)
- Discuss options with chef on Day 1
- Be flexible - ingredients may not match exactly what you eat at home.

Beverages

Complimentary beverages include:

- Fruit juices
- Soft drinks
- Iced water and iced tea

- Coffee
- Limited selection of local beer and wine

For other alcohol and spirits, you are encouraged to bring your special brand with you or purchase locally before boarding.

Drinking and diving do not mix. Once you consume alcohol, you become a sunbather until the next day.

Communications / Internet

OnAdventure local area network (LAN) — free connection for destination resources such as morning beverage orders and the Guest Room Handbook.

SeaFi Internet Service available via codes sold on board — each code provides 8 gigabytes of data; VoIP (WhatsApp, Google Voice), messaging, and email accessible.

Cellular service is available intermittently when the yacht is closer to islands with cell towers — check with your carrier for roaming options.

Ship's Boutique

- There is a small on board boutique offering assorted t-shirts and other items.
- Your bill for on board services and boutique items will be settled on the last day of diving.
- After returning home, if you still want boutique items, please visit the Aggressor online boutique at aggressorboutique.com.

Fees & Taxes (Pay on Board)

Fee	Amount	Notes
Galapagos National Park Fee	\$200 USD per person — paid at Baltra Airport on arrival	CASH ONLY
Galapagos Visitors Card	\$20 USD per person — paid at Quito or Guayaquil airport before check-in	CASH ONLY
Fuel Surcharge	\$300 USD per person — cash or credit card accepted, paid onboard	
Nitrox	Additional fee — see aggressor.com (Rental Equipment) for current pricing	

Sales Tax (VAT): 15% on all onboard purchases, excluding gratuities. Prices subject to change by government authorities without notice. Fees are paid onboard at the end of your trip during checkout. Travelers' checks and personal checks cannot be accepted.

Entertainment

There are a variety of nightly entertainment options:

- Diving videos
- Movies
- Marine life identification and destination presentations

The yacht offers a collection of movies and TV shows that can be watched in the salon or in your room. If you have a favorite movie, digital slideshow, or video to share, bring it along!

A small library of marine life identification books is also available for reference.

Special Occasions

If you will be celebrating a special occasion — such as a birthday, anniversary, honeymoon, wedding, or your 100th dive — please let the staff know so they can help celebrate.

Notify the reservations office before traveling so the staff can be informed in advance.

Gratuities

- Staff gratuities are not included in the charter.
- Gratuities are voluntary and should be based on the quality of service provided by the staff.
- When settling your account on the final evening, the captain will have an envelope for gratuities that will be divided equally among the staff
- Payment can be made by cash (USD or USD cash, Visa, MasterCard), Visa, or MasterCard.

Health & Medications

The Galapagos Aggressor III has a first aid kit on board, including oxygen and an AED.

Motion Sickness: Consider bringing over-the-counter motion sickness medication if you think you may need it. Consult your doctor about prescription options such as the transdermal patch or Scopace tablets. Currents and winds can cause moderate movement of the yacht at times.

Medication Storage:

The yacht and its staff cannot accept any medication brought on board for safekeeping, including those requiring refrigeration. Guests needing temperature-sensitive medication should travel with a cooling case or a small cooler with blue ice packets. The staff will gladly store and recharge blue ice packs but cannot accept responsibility for proper care or storage of medication. Medication must be kept in your room.

Drones are prohibited by Galapagos National Park regulations. All travelers must complete the digital "Sworn Declaration of Goods" before entering the Galapagos National Park (declaracion.abgalapagos.gob.ec/declaracion).

5. DIVING INFORMATION

Diving Operations

All dives except the initial checkout dive are conducted from tenders, which allow access to remote sites across the archipelago not reachable from the main yacht. Staff assist divers from the dive deck and on board the tender; all dives begin with a full site briefing. At least one staff member is in the water providing support, underwater photography/videography, and critter-spotting. Divers should be comfortable with current diving and negative entries — most dives are drift dives. All diving is recreational and non-decompression.

21-24 per 7-night adventure total. Up to Up to 4 per day. No night diving.

Typical Schedule

Day	Activity	
Thursday	12-1 pm arrival at Baltra Airport — Aggressor guide meets guests and transfers to Itabaca Channel dock; boarding and stateroom orientation; set up dive gear; welcome and safety briefing; dinner; checkout dive — Northeast Coast of Santa Cruz Island	
Friday	Morning: 2 dives at Punta Carrion, Santa Cruz Island. Afternoon: hike to Bartolome Summit and tender ride at Pinnacle Rock (land excursion)	
Saturday - Tuesday	Eat, Sleep & Dive — up to 4 dives per day from tenders; fresh snacks between dives and 3 hot meals daily; nightly fish ID presentations, movies, and entertainment	
Wednesday	Morning: 1 dive at Cousins Rock. Afternoon: arrive Itabaca Channel — private bus tour to Santa Cruz Highlands, Tortoise Reserve, and scenic overlook. Evening: free time in Puerto Ayora for shopping and dining (only meal not included); bus returns guests to Itabaca Channel for re-boarding	
Thursday	Full breakfast; 8 am check-out — staff transfers guests and luggage to Baltra Airport	

Dive Supervision

- Diving is not just an activity; it's a passion for exploring the underwater world. That's why the dive program is built around empowering you and your buddy to take control of your diving experience.
- While in the water, you and your buddy are in charge.
- Every dive starts with a thorough briefing from the dive staff, covering site conditions, points of interest, and safety procedures.
- As certified divers, you and your buddy are responsible for planning and carrying out your dives while respecting your experience limits and those set by the briefing and your certification agency.
- Divers are not directly supervised - each buddy team manages their own dive.
- If you surface early, only your buddy team surfaces - other divers may continue their dive per the plan and briefing.

Equipment Storage

- Each guest will be assigned a designated seat on the dive deck and a personal locker or cubby to store items.
- There are rails and hangers for wetsuits.
- Freshwater showers are located on the back deck for post-dive comfort.
- Warm towels are provided after each dive.

Wetsuit Rentals

Limited — 7 mm wetsuits available onboard, but availability may be limited (sizes typically small to 2XL) — bringing your own wetsuit is strongly encouraged. Dive gloves and hood strongly recommended, especially for the cool season. SMB with reel required — if you surface away from the yacht it helps the crew track you for pickup; Dive Alert, Nautilus Rescue Radio, whistle, and mirror also recommended. Tanks: 80 cu ft (12L) aluminum, standard K-valves (American yoke); limited convertible DIN valves available — bring your own adapter if you require DIN. Air fills included. Nitrox 32% available for certified divers (extra fee). Large-capacity 15L / 100 cu ft tanks rentable, limited quantity (convertible yoke/DIN valves). Rentals: mask, fins, snorkel, BCD, regulator, dive computer, dive light, SMB, large tanks, Nautilus Rescue Radio, wetsuits, U/W cameras.

Itinerary Details

The itinerary offers 21–24 dives per week, up to 4 per day, following the Galapagos National Park's approved schedule, which changes by season. The distant northern islands of Darwin and Wolf are the crown jewels — accessible only during the cool/dry season (June–December) — where divers routinely encounter massive schools of scalloped hammerhead sharks, whale sharks, Galapagos sharks, and silky sharks in the open blue. During the warm season (January–May), the route focuses on closer sites including Roca Blanca, Cowley Island, and Cabo Marshall.

Every week includes sites across multiple islands: Santa Cruz, Isabela, Fernandina, and the outer islands. Highlights include drift dives with marine iguanas at Cabo Douglas, encounters with flightless cormorants and sea lions at Punta Vicente Roca, and the underwater volcanic landscapes of Cousins Rock. Two land excursions per week are included: a hike to Bartolome Summit and Pinnacle Rock, and a Wednesday afternoon bus tour through the Santa Cruz Highlands to the Tortoise Reserve and Puerto Ayora.

This is not a visibility-first destination — visibility averages 25–65 feet (8–20 m) — but the concentration and variety of large pelagic animals is unmatched.

Diving Conditions

Water: 72–82°F / 22–28°C warm season (Dec–May); 61–75°F / 16–24°C cool season (Jun–Nov). Thermoclines are common and can drop up to 20°F (11°C) mid-dive — 5–7 mm wetsuit with hood and gloves recommended year-round; 3–5 mm + hood in warm season, 5–7 mm + hood and gloves essential in cool season

Visibility: 15–65 ft (5–20 m) in cool season; up to 100 ft (30 m) in warm season

Season	Conditions
Warm (Dec-May)	72-82°F (22-28°C) water; 3-5 mm wetsuit, hood recommended. Calmer surface conditions. Best for manta rays and whale sharks near the main islands (Jan-May).
Cool/Dry (Jun-Nov)	61-75°F (16-24°C) water; 5-7 mm wetsuit with hood and gloves essential. Choppy with more surge. Best season for large pelagics (hammerheads, whale sharks) at Darwin and Wolf Islands.

Scuba Training

Enhance your education while on board an Aggressor yacht!

The courses available include:

- Advanced Open Water Diver (SSI or PADI)
- Enriched Air / Nitrox Courses (SSI or PADI)

Course fees are due once on board and after the instructor confirms your course. The training agency providing your course will depend on your instructor's affiliations.

A diver participating in scuba training will need to complete a medical history form. Please be sure to review the form prior to traveling and ensure you do not need a physician's signature.

Photo & Video

Photography: The yacht offers photography coaching while on board. The Galapagos Aggressor III has a camera table with low-pressure air hoses and a dedicated charging station for your camera and video equipment.

As a safety precaution, all lithium-ion batteries must be charged outside at the camera station and cannot be charged inside the yacht.

Video Service: The Video Professional can capture your diving adventure on board the Galapagos Aggressor III to share with family and friends.

The video of the week (including all guests and staff) is available for an additional fee. See www.aggressor.com for current pricing.

Nearest Chamber

Facility	Location / Notes
Protesub Chamber (SSS Recompression Chamber Network)	Puerto Ayora, Santa Cruz Island — open 24 hours; accessible from most dive sites

Prohibited Diving Activities

The following diving activities are not supported and prohibited on Aggressor Liveboards

- Use of Spear guns, Hawaiian slings or collecting of any kind are not permitted.
- Solo Diving
- Use of double tanks
- Decompression or Technical Diving
- Touching, chasing, or disturbing marine life of any kind.

No spear guns, Hawaiian slings, or collecting of any kind. No solo diving, double tanks, underwater scooters, or decompression/technical diving.
No touching, chasing, or disturbing marine life of any kind.

6. AFTER YOUR ADVENTURE

Check-Out Time

Thursday by 8 am

Check-out time is 8:00 am for all guests. At this time, all guests and their luggage must be off the yacht, so staff have adequate time to prepare for new guests arriving in just a few hours. If you are making your own transfer arrangements, please ensure that you are picked up at or before check-out.

Departure Schedule

Check-out is 8:00 am Thursday. After a full breakfast, staff transport guests and luggage to Baltra Airport and assist with check-in. Guests who wish to stay in the Galapagos after the cruise will be brought to the Itabaca Channel dock on Santa Cruz Island.

Guest Surveys

You will receive a detailed survey via email three days after your adventure ends. (If you've completed back-to-back adventures, you'll receive one survey for each.) Aggressor Adventures truly values guest feedback and integrates it into the continuous improvement of Aggressor programs.

Many amenities and experiences you enjoyed during your adventure were inspired by guest suggestions. Your feedback is sincerely appreciated as it helps Aggressor enhance operations and exceed future guest expectations.

Your survey also offers a valuable opportunity to recognize exceptional staff performance. These evaluations directly influence staff recognition programs, awards, and promotions. The staff is dedicated to making your adventure memorable, and your feedback helps celebrate their outstanding service. The time you take to provide thoughtful responses is greatly appreciated and helps maintain the highest standards of the Aggressor experience.

Stay Connected

Each week, the previous charter's Adventure log is uploaded to the website. Feel free to visit www.aggressor.com and check the Adventure log for water temperature, visibility, and sightings.
